

Thank you for allowing public comments on these issues. I'm writing in support of my FM station K-LOVE. This station has served my local community for many years. It provides important news and information each and every day, 24 hours a day. It also provides a very positive source of great music and commentary. If this station were removed from the air and replaced with another station with different programming it would very likely have a negative impact on my community. In no way should an LPFM broadcaster be given priority over existing FM stations. The services provided by K-LOVE are very positive for my community and definitely are in the public interest.

Thank you again for the opportunity to comment on this important LPFM issue.

Sincerely,

J Domis
